Professional Summary

A recent Bachelor of Computer Application graduate with demonstrated experience in front-end development through internships and personal projects. Proficient in HTML, CSS, JavaScript, and modern frameworks like React, with additional knowledge of AI development tools. Eager to leverage technical skills and a collaborative spirit to contribute to a challenging organization, learn new technologies, and drive project success.

Professional Experience

Front-End Developer Intern | Codevesta | Siliguri, West Bengal

June 2023 - December 2023

- Contributed to front-end development projects by building and enhancing user interfaces with HTML, CSS, and JavaScript.
- Collaborated effectively with the development team to successfully execute project tasks and meet deadlines.
- Gained practical experience in a professional development environment, leading to a rapid enhancement of technical abilities.

Public Relations Intern | Skill Acedemia | Siliguri, West Bengal

January 2023 - March 2023

- Assisted in managing communication strategies, including media outreach and creating engaging content.
- Supported event coordination and worked with the team to improve organizational visibility.

Projects

E-commerce Website | Technologies: JavaScript, React.js, Node.js, MongoDB

- Developed a full-stack e-commerce platform, implementing features for secure user transactions and a seamless shopping experience.
- Engineered a responsive design to ensure optimal functionality and display across various devices.
- Integrated front-end components with back-end functionalities to create a dynamic and robust application.

Amazon Clone (Group Project) | Technologies: HTML, CSS, JavaScript, Bootstrap

- Led the front-end development for a collaborative Amazon clone project, focusing on user experience.
- Designed and implemented a visually appealing and responsive user interface using HTML, CSS, and Bootstrap.
